campgrounds, resorts, hotels, and homestays. Encamp regrettably maintains the right to discontinue all of your services in such circumstances.

Encamp is in no way required or accountable for any reimbursement resulting from any natural or man-made tragedies that are beyond our control. We (humans) are nothing in the face of nature. In the Northeast, it often rains and the ground is muddy. Please make a reservation with realistic expectations.

Tourism Infrastructure in Mizoram: Tourism in Mizoram, especially in remote areas, is still developing and may not match the standards of more connected destinations. Roads can be narrow, hilly, and occasionally muddy depending on the season, and facilities are simple but welcoming.

We recommend carrying appropriate clothing and comfortable footwear for varying terrain. This journey is best suited for travelers who appreciate authentic, offbeat experiences and are comfortable with a bit of adventure along the way.

Patience & Consideration: Our team is dedicated to ensuring you have a comfortable and memorable experience. At times, staff members may be assisting other guests or managing urgent situations simultaneously. We kindly request your patience and understanding in such moments. Your cooperation helps us serve everyone with the care and attention they deserve.

Respect & Cultural Sensitivity: We request that you show genuine respect for the local customs, traditions, and communities we visit. As guests in their homeland, it is important that our conduct reflects appreciation and mindfulness. Mizoram is a dry state, and local regulations regarding alcohol must be strictly respected at all times.

The people you will meet are warm and welcoming, and meaningful connections often become the most memorable part of the journey. A respectful attitude fosters positive experiences for everyone involved.
